Tempranillo

RIOJA

14% ABV

## GENERAL INFORMATION

This wine comes from a single Tempranillo vineyard in Laguardia, situated at 630 metres above sea level in the foothills of the Sierra de Cantabria. The vines are rooted in shallow, chalky soils and cultivated using sustainable, environmentally respectful practices in a climate marked by sharp contrasts. Grapes are hand-harvested in 11 kg boxes and gravity-vatted to preserve fruit integrity. Vinification follows a minimal-intervention philosophy, with native yeasts used to encourage spontaneous malolactic fermentation in French oak casks. The wine is aged for eight months in barrels, followed by six months in concrete tanks, allowing freshness and vineyard expression to shine through.

## TASTING NOTES

Displays a bright, clean cherry-red colour. The nose is highly expressive, led by red fruit aromas, complemented by subtle notes of blackberry, blackcurrant, and delicate floral hints. On the palate, it shows an elegant, refined entry, with polished, silky, and unctuous tannins. The finish is fresh, vibrant, and precise, clearly reflecting the character of its high-altitude vineyard. Best enjoyed at 16°C.
