

# Carlos I

**OSBORNE**  
Desde 1772

BRANDY

40% ABV

## GENERAL INFORMATION

Carlos I is a renowned Spanish brandy crafted by Osborne Group, produced from the distillation of top-quality white wines. The spirit is distilled in traditional 19th-century copper pot stills using a batch process that preserves its depth and character. After distillation, it is aged in American oak casks that previously held Osborne's finest Amontillado and Oloroso Sherry wines for more than 50 years. Maturation takes place in El Puerto de Santa María, Cádiz, following the dynamic criaderas and solera system, which allows the brandy to gradually develop complexity and balance. Considered a noble spirit, Carlos I stands as a benchmark in the Brandy de Jerez category, reflecting craftsmanship, heritage, and refined ageing.

## TASTING NOTES

Carlos I presents a deep amber colour with elegant golden highlights. On the nose it is aromatic and refined, offering inviting notes of cocoa and vanilla layered with subtle oak influence. The palate is smooth, complex, and well balanced, with flavours that linger pleasantly and reveal its long ageing in sherry-seasoned casks. The finish is persistent and harmonious, making this brandy ideal for enjoying neat at room temperature to fully appreciate its character.
