GENERAL INFORMATION

Sangre de Toro Reserva is a distinguished red wine from DO Catalunya, crafted by the renowned Familia

Torres, a multi-generational winery with a global presence in over 140 countries. Made from a blend of Garnacha, Syrah, and Cariñena grapes grown on clay and limestone soils, this Reserva expresses both elegance and power while remaining approachable.

Fermented in small wooden barrels under controlled temperatures and aged for 12 months in oak, the wine

is 100% vegan-friendly and perfectly balances richness with freshness. Its warm, deep ruby hue and harmonious structure make it a classic Spanish red that never loses its personality or appeal.

TASTING NOTES

On the nose, Sangre de Toro Reserva offers intense aromas of red fruit jams, including cherry, blackberry, and plum, complemented by subtle earthy, roasting, and spice notes from oak ageing, such as black tea, cocoa, and cinnamon. The palate is lush and smooth, with rounded tannins and plummy fruit reappearing, culminating in a long, fresh, and elegant finish

enhanced by mineral nuances from the vineyard soils. Ideal served at 15–18°C, it pairs beautifully with game,

stews, meat paellas, stuffed peppers, and other traditional Catalan dishes, making it a versatile and sophisticated choice for both everyday meals and special occasions.
