## GENERAL INFORMATION

Viña Esmeralda Blanco is a bright, straw-coloured white wine from Catalonia, produced at the historic Mas Flassada estate and other carefully selected vineyards along the Catalan coast. Influenced by the Mediterranean climate, with mild winters and warm summers, the grapes are grown in vineyards that capture the elegance of the sea breeze and the richness of the region. Fermentation is carefully controlled and halted at just the right moment to preserve freshness, aromatic purity, and balance, resulting in a wine that is both expressive and approachable.

## TASTING NOTES

Viña Esmeralda Blanco seduces with enveloping aromas of rose and lychee, complemented by subtle floral and fruity hints. On the palate, it is delicate and smooth, with an exquisite texture and a sweet finish reminiscent of acacia honey. Fresh, aromatic, and harmonious, it is the perfect companion for seafood aperitifs and light Mediterranean dishes. Best served at 11°C, it offers a refined and memorable tasting experience that captures the essence of the Mediterranean.
