## GENERAL INFORMATION

SYS Hazelnut Liqueur is part of the SYS range of liqueurs and creams designed for a variety of occasions, from cocktails and mixers to social gatherings with friends and family. Since 1945, SYS has produced its liqueurs using quality ingredients such as fruits, herbs and spices, working with bartenders to develop products that suit contemporary tastes and offer a versatile drinking experience.

## TASTING NOTES

It has a light, bright ochre colour with an intense and complex hazelnut aroma. On the palate, it shows rich hazelnut and vanilla flavours, balanced by a smooth sweetness and a long, pleasant finish that makes it well suited for cocktails or enjoying over ice.
