Pedro Ximenez

MALAGA

15% ABV

GENERAL INFORMATION

Málaga Virgen is a fine, sweet fortified wine made from 100% Pedro Ximénez grapes grown at Finca Vista Hermosa in Fuente de Piedra, within the D.O. Málaga. The wine is crafted using a blend of young wines from naturally sun-dried grapes and aged oloroso wines, creating a harmonious combination of freshness and complexity. It undergoes oxidative maturation in American oak barrels, and due to its gentle production methods, natural precipitates may appear, reflecting its artisanal character.

TASTING NOTES

Visually, the wine is a dark mahogany with a purplish-blue edge, clean and brilliant. On the nose, it displays the rich, concentrated aromas of Pedro Ximénez grapes combined with notes developed during barrel maturation. The palate is sweet, elegant, and full-bodied, with a tasty, lingering finish. Best served chilled between 6–8°C, it is ideal as a dessert wine or accompaniment to rich, sweet dishes.
