

Nordés

GIN

40% ABV

GENERAL INFORMATION

Nordés Gin is a premium Galician spirit that captures the essence of its native land. Crafted from Albariño grapes, this gin showcases a delicate aroma of white fruit and flowers, forming the perfect base for its signature botanical profile. Eleven botanicals are carefully selected, six of which are native to Galicia – sage, lemon verbena, bay leaf, peppermint, eucalyptus, and salicornia – blended harmoniously with juniper, cardamom, ginger, hibiscus, and black Ceylon tea. Each botanical is macerated individually for precise extraction, then slowly distilled to preserve the natural freshness and balance. The result is a smooth, aromatic gin with elegant herbal and floral nuances, underpinned by subtle juniper and a crisp, clean character.

TASTING NOTES

Transparent and bright in appearance, Nordés Gin delivers an aromatic nose with hints of white fruit, mint, and bay, complemented by a gentle juniper note. On the palate, it is fresh, fruity, and well-rounded, with the herbal complexity of Galician botanicals harmonising perfectly with its soft floral undertones. The finish is clean and lingering, highlighting its crisp, refreshing nature. Best served in a wide, ice-filled tumbler with a neutral tonic and garnished with white grapes, Nordés Gin is ideal for enjoying in good company, whether neat, in a classic gin & tonic, or as a sophisticated base for creative cocktails.
