

# Volver Madame Bobalu

VOLVER

Bobal

VALENCIA

13.5% ABV

## GENERAL INFORMATION

Madame Bobalu from Bodegas Volver is made from 100% Bobal grapes grown in 25-year-old vineyards in Valencia, Spain. The vines thrive in limestone and clay soils under a Mediterranean climate with slight continental influences due to the altitude. The 2017 vintage, qualified as excellent, benefited from scarce spring and September rainfall and large temperature swings in late August and early September, promoting slow and even ripening. Grapes are hand-harvested at optimal maturity, fermented in vats, undergo malolactic fermentation in stainless steel, and then are aged for six months in French oak barrels, imparting subtle complexity while preserving the varietal character.

## TASTING NOTES

The wine displays a brilliant deep cherry colour. On the nose, it shows delicate aromas of ripe, crystallized fruit accompanied by lightly toasted spices from barrel ageing. On the palate, it is medium-bodied with balanced tannins, intensely fruity flavours, and notes recalling dark fruits. The finish is smooth and persistent, making it a versatile wine that pairs beautifully with red meats or fatty fish, while maintaining elegance and freshness.
