

# Volver - Rafa Canizares Sauvignon Blanc

VOLVER

Sauvignon  
Blanc

ALICANTE

12.5% ABV

## GENERAL INFORMATION

This wine is made from Sauvignon Blanc grapes grown in a unique vineyard located in the Alto Vinalopó region, near the protected natural area of El Puntal de Salinas. The vineyard sits on limestone soils and benefits from a Mediterranean climate with a slight continental influence. The area receives mild humidity from the Levante wind, which helps the vines endure the region's low rainfall. Traditional viticulture is practiced with low yields to ensure excellent grape health and optimal ripeness, prioritizing quality and expression over quantity.

## TASTING NOTES

The wine shows fresh, bright yellow tones and is highly expressive, revealing fruity aromas and hints of Mediterranean herbs that reflect both the variety and its environment. On the palate it is broad and pleasant, with a balanced structure that pairs well with bold and flavorful dishes. Subtle oak aging adds delicate nuances that complete the wine's hedonistic character.
